### **Career Counseling Module FAQs:**

#### **1) What is included in the Career Counseling module?**

The career counselling module is a comprehensive and interactive program that will help you discover your potential and passion, and guide you towards the best career path for you. It includes the following components:

- **Psychometric assessment:** You will take a 5-dimensional test that will measure your personality, interests, career motivators, learning style and skills and aptitude. The test will help you understand yourself better and find the best career options for you.
- **Career counsellor sessions:** You will have two one-on-one sessions with a professional career counsellor, who will review your assessment report, discuss your career goals and preferences, and provide you with personalised feedback and guidance. You will also get a chance to ask any questions or doubts you may have about your career choices.
- **Career library and dashboard:** You will have access to a rich and updated database of information on over 2 lakh colleges and 250 careers across India and abroad. You will be able to explore various courses, colleges, entrance exams, scholarships, fees,

placements, and more. You will also have a personalised dashboard where you can access your assessment report, and view your career recommendations.

## **2) How long is the Career Counseling module valid?**

The career counselling module is valid for **six months** from the date of your enrolment. You can book and attend the sessions at your convenience within this period. You can also reschedule or cancel your sessions if needed, as per the terms and conditions of the service.

## **3) How can i access the assessment report?**

You will receive your assessment report within a day of taking the assessment. The report will be uploaded on the LMS portal, where you can view and download it. The report will show you your personality, interests, skills and aptitude and also your best fit career recommendations.

## **4) Can I retake the psychometric assessment if I'm not satisfied with the results?**

The psychometric assessment is designed to measure your personality, interests, values, and abilities in a reliable and consistent way. It does not have any right or wrong answers, except for the skills and aptitude section. Therefore, the results are unlikely to change significantly if you take the test again. However, if you are not satisfied with the results, you can request to retake the test with the consent of KTC. You should try to take the test in a relaxed and honest manner, without overthinking or guessing. The test will help you understand yourself better and find the best career options for you.
